1. 【简答题】

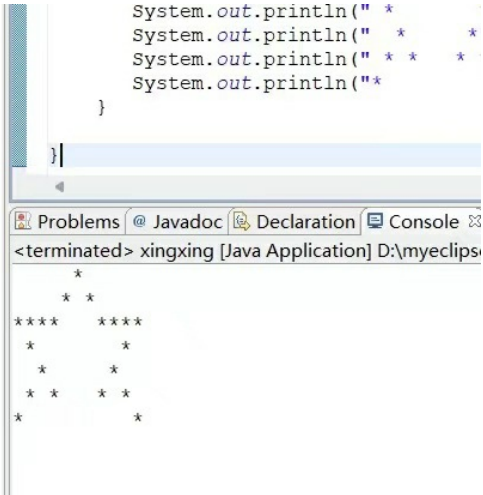

得分：100/100

用Java程序打印星星

学生答案：

```
System.out.println(" *");
System.out.println("  *  *");
System.out.println(" * * * *");
System.out.println(" * * * *");
}
```

The screenshot shows a Java IDE with a source code editor and a console window. The source code is as follows:

```
System.out.println(" *");
System.out.println("  *  *");
System.out.println(" * * * *");
System.out.println(" * * * *");
}
```

The console output shows the following star pattern:

```
<terminated> xingxing [Java Application] D:\myeclipse
 *
 * *
 * * * *
 * * * *
 * * * *
 * * * *
 * * * *
```

批语：好！

参考答案：

用Java程序打印星星
