1. 【简答题】用ElementUI Layout 布局完成登录页面：

得分：100/100

学生答案：

```

<template>
  <div class="beijing">
    <el-row>
      <el-col :span="24"><div class="grid-content bg-purple-dark"></div></el-col>
    </el-row>
    <el-row>
      <el-col :span="24"><div class="grid-content bg-purple-dark"></div></el-col>
    </el-row>
    <el-row :gutter="20">
      <el-col :span="3"><div class="grid-content"></div></el-col>
      <el-col :span="2"><div class="grid-content logo">logo</div></el-col>
      <el-col :span="3"><div class="grid-content jituan">时通集团</div></el-col>
    </el-row>
    <el-row :gutter="100">
      <el-col :span="10"><div class="grid-content bg-purple"></div></el-col>
    </el-row>
    <el-row :gutter="100">
