1. 【简答题】用ElementUI Layout 布局完成登录页面：

得分：100/100

学生答案：

```

<template>
  <div>
    <el-row>
      <el-col :span="24">
        <div class="grid-content bg-purple-dark"></div>
      </el-col>
    </el-row>
    <el-row>
      <el-col :span="12">
        <div class="grid-content bg-purple"><span class="pp">视通项目</span></div>
      </el-col>
      <el-col :span="12">
        <div class="grid-content bg-purple-light"></div>
      </el-col>
    </el-row>
    <el-row>
      <el-col :span="8">
        <div class="grid-content bg-purple"><span class="ll">数字化转型</span></div>
      </el-col>
      <el-col :span="8">
        <div class="grid-content bg-purple-light"></div>
      </el-col>
      <el-col :span="8">
        <div class="grid-content bg-purple">
          <el-input placeholder="用户名" v-model="input" clearable>
        </el-input>
      </div>
    </el-col>
  </el-row>
  <el-row>
    <el-col :span="8">
      <div class="grid-content bg-purple"></div>
    </el-col>
    <el-col :span="8">
      <div class="grid-content bg-purple-light"></div>
    </el-col>
    <el-col :span="8">
      <div class="grid-content bg-purple"><el-input placeholder="密码" v-model="input" clearable>
    </el-input></div>
  </el-col>
</el-row>
  <el-row>
    <el-col :span="6">
      <div class="grid-content bg-purple"></div>
    </el-col>
    <el-col :span="6">

```

```
</el-col :span="6">
  <div class="grid-content bg-purple-light"></div>
</el-col>
<el-col :span="6">
  <div class="grid-content bg-purple"></div>
</el-col>
<el-col :span="6">
  <div class="grid-content bg-purple-light"><button class="op">登录</button></div>
</el-col>
</el-row>
</div>

</template>

<script>
export default {
  data() {
    return {
      input: ""
    }
  }
}
</script>

<style>
.el-row {
  margin-bottom: 20px;
  &:last-child {
    margin-bottom: 0;
  }
}
.el-col {
  border-radius: 4px;
}
.bg-purple-dark {
  background: #99a9bf;
}
.bg-purple
```

参考答案：用ElementUI Layout 布局完成登录页面
